

The Anti-Bullying team aims to ensure that children at Mount Pleasant feel happy and safe in school. They work to provide information for all classes regarding anti-bullying and e-safety, promoting appropriate strategies for dealing with instances of bullying behaviour in and around school, including while using the internet.

The team are currently focussed on re-introducing worry boxes to all classrooms across the school as well as promoting the Friendship Stop in the playground.

Year 6 members of the team are set to become anti-bullying ambassadors in October, as part of the Diana Award. As a team we are looking forward to them sharing their new knowledge with others across the school.

In December 2013, as a school we were delighted to become the first primary school within the Dudley borough to achieve the Dudley Pledge Scheme status.

Years 4 have been busy creating some new anti-bullying posters to be displayed around our school. Here are some of their designs:
