

2014 -2015 - Mount Pleasant; promoting happy, healthy lifestyles through participation in PE and school sport

Sports Premium £9130.00	Desired Action	Actual Funding	Actions taken	Impact
Ensure that a wide range of staff access CPD opportunities relating to the development of healthy lifestyles.	To ensure that the curriculum is well delivered relating to the development of physical health and raising children's awareness of developing and understanding healthy lifestyles	£5688.00	PE Co-ordinator – Sports coach qualification (£1258.00) Change for Life (£250.00) Role of the PE Co-ordinator (£250.00) HLTA delivering PE – Supporting the delivery of PE and school sport (£990.00) Planning for PE and Inclusion (£250.00) Early Years staff – PE and Outdoor Learning (£380.00) Developing Outdoor Learning (£380.00) KS1 staff – PE in KS1 x 2 staff (£500.00) Poolside Rescue (£80.00) Massage In Schools Programme (£150.00) KS1 Developing Core Movement Skills (£250.00) KS2 staff – Forest Schools and Outdoor Learning (£450.00) Matalan PE Scheme x 2 staff (£500.00)	Raise the profile of delivering this area of the curriculum well. Children's understanding of why we need to be healthy and ways of doing this were clearly improved; "The school makes effective use of its sports funding by providing specialist training for staff. Pupils have more opportunities to take part in competitions and to try new sports. This extended range of activities, combined with a good choice of sporting clubs, contributes well to pupils' healthier lifestyles" OFSTED 2014 Inspection Report:
Loan agreement for the school minibus	Ensure children can attend free swimming, forest schools and competitions and events	(£6714.00 Funded from the delegated budget.) General running costs; eg regular maintenance/ health and safety checks, and servicing, diesel etc estimated costs £600.00 Regular staff training as qualified minibus drivers £45.00 per driver refresher	The Governing Body continue to support the loan of the minibus and understand the opportunities this gives us to ensure that children are learning and accessing areas off site as frequently as possible. The use of the minibus ensures that we continue to offer a free swimming programme for pupils in Yr4, children access Forest School regularly, pupils attend competitions and sports events free of charge.	All pupils are able to access the opportunities that are on offer when using the school minibus as we do not require a request of financial contributions from parents. The minibus is also used to transport pupils with any physical difficulties to areas offsite when other children may walk there, this therefore ensures inclusion for all pupils.

2014 -2015 - Mount Pleasant; promoting happy, healthy lifestyles through participation in PE and school sport

		course every 3 years.		
Free swimming programme to be maintained.	That all pupils in Y4 access swimming lessons to enable them to reach the minimum requirement of swimming 25m	(£2000.00 Funded from delegated budget.)	The Governing Body continue to support a free swimming programme for pupils. The use of the minibus (see above) ensures that parents are not required to make a financial contribution to transport costs. The school uses a private swimming pool located at a Stourbridge School. Pupils attend in small numbers (14 pupils) accompanied by two staff and with 2 trained swimming teachers and lifeguards employed at the school. This results in an intense programme of swimming lessons.	The vast majority of pupils are able to swim the required minimum of 25m by the end of the year. Where this is not the case, but pupils are able to swim unaided, parents are written to and encouraged to take their child for further lessons. Where a child remains unable to swim unaided, they continue to attend lessons in Y5 until they can swim unaided.
New P.E. equipment	Ensure high quality lessons can be taught during PE Meet the requirements of the PE Curriculum	£1000.00 Additional resources were purchased through Sainsbury's Vouchers Scheme Purchase of 2 outdoor table tennis tables £1398.00	The PE Co-ordinator carried out an audit of the current equipment, including for active playtimes and that which is required to deliver high quality PE lessons.	All requirements of the PE curriculum are met. Pupils' enjoyment and participation in PE and active play is improved.
Bikeability for Yrs 3 and 5	Encourages children to cycle safely.	Free - Funded through Dudley Healthy Schools Programme	Annually, two yr groups are involved, all children in Yrs 3 and 5 are encouraged to take part. Certificates are given to children who pass the proficiency test.	Pupils are encouraged to ride their bikes safely when out of school.
SDP 2014 -2015: Priority 3.3: Respond to the outcomes of the Y5 and 6 Healthy Lifestyle questionnaire (Jan 2015)	Healthy eating to be mapped across the curriculum. To engage with Food Dudes (Dudley Healthy Schools Project)	£500.00	The schemes of work have been revised to include healthy eating and to encourage pupils to taste a range of foods and to be able to identify a range of fruit and vegetables. Engaged fully with Food Dudes; subsequently pupils across the whole school were able to sample previously untasted fruit and vegetables, through the range of foods supplied, staff were also able to teach pupils to identify and name a range of fruit and vegetables.	Pupils fully engaged with trying new foods, for many this was difficult but with their peers around them they were encouraged to try new and unfamiliar fruit and vegetables. The main impact was the increased number of pupils

2014 -2015 - Mount Pleasant; promoting happy, healthy lifestyles through participation in PE and school sport

	<p>scheme to develop gross motor skills and encourage our youngest pupils to be active outdoors.</p>		<p>Football for early years is delivered by Pure Sport for pupils in Nursery and Reception. All pupils are involved in tis programme.</p>	<p>resulted in staff having confidence to teach gymnastics with the use of the equipment provided.</p> <p>Early Years football; staff were also present during this programme delivery and will be able to deliver the programme themselves nest year. All pupils very much engaged and developing good levels of gross motor skills, resulting in this area improving greatly as staff are able to assess pupils gross motor ability well. This has also enabled staff to identify those pupils requiring greater support in developing gross motor skills resulting in further planned activities.</p>
<p>Total £9130 – Sports Premium (+ £8714 funded from the delegated budget) Overall total: £17,844.00</p>
