Our News

The Nursery summer Farm visit has been booked. The dates of the visit will be Monday 2nd July for the morning nursery and Monday 9th July for afternoon nursery. Please note there will be no afternoon nursery on 2nd July and no morning nursery on 9th July as the nursery staff will be on the farm visits all day. Each child will need to be accompanied by one adult. Unfortunately we are unable to accommodate siblings on this occasion. The farm letters will be sent home soon which will give you more information about the visit.

This last half term we will be celebrating Father's Day and continuing our work on "Growing". We will be looking at different types of minibeasts and we are looking forward to welcoming some special caterpillars into nursery for us to look after and watch change. I wonder if the children know or can guess what they will change in to.

Please can we remind parents/carers to put suncream on the children before they come to nursery and also to wear sensible shoes for outdoor play. Please be aware the children will not be allowed to play on the climbing frame with sandals on due to health and safety issues. Thank you

You can support your child this half term by:

Reading:

Continue to read a variety of stories.

Talk about the title, blurb, spine, author and characters in the story.

Ask the children to talk about where the story is set? Wood, shop, school etc.

Look for print in the environment.

Writing:

Give the children a variety of implements to encourage mark making such as different types of pens, pencils, crayons, chalk and paint.

Encourage your child to write over their name at every opportunity.

Practise fine motor skills such as threading and pegs and boards.

Maths:

Count forward to 20 and above.

Count backwards from 10 and 20.

Name and recognise different shapes.

Use the language of one more and one less when solving simple addition and subtraction problems.

Believe it, Achieve it!
